

VISION & MISION

## VISION & MISION

### VISION

For a developed world; our aim is to be the clients' first choice and a global brand in the industry by delivering long-term advantages through innovative, high-quality, safe, sustainable, renewable, and environmentally friendly products, production, and service quality.

### MISSION

Establishing a sustainable systematic company culture that adheres to national and international standards and legislation, respects the individual, society, fundamental rights, and liberties, adheres to the principle of equality, is sensitive to nature and the environment, trusts its employees, and has long-term business partners in the sectors in which we operate.
